

BUCKEYE CONCUSSION KNOWLEDGE SURVEY

Scan me!

The MINDSET Lab at Ohio State University is conducting a health survey for the Buckeye Concussion Knowledge Survey (BUCKS) study. All OSU varsity athlete alumni, whether or not they had a concussion, can participate.

The survey is online and takes 20 minutes. Your input will help improve athlete safety and wellbeing. If you participate and your status as a former OSU athlete is confirmed, you will receive a \$10 Amazon gift card.

Visit <https://redcap.link/bucks> or scan the QR code!
